## **Welcome!**

This packet contains all of the information you need to understand and apply for a Sidewalk Café Permit. Please read the contents before you start the application process. If you have any questions, feel free to contact us at 503-823-7002 option 5.

## **What is a Sidewalk Café Permit?**

A Sidewalk Café Permit allows the holder of the permit to place tables and chairs within the sidewalk area adjacent to a restaurant for use by patrons to whom the business has provided food or beverage. This is an act that is otherwise prohibited in the City of Portland. Sidewalk Café Permits are authorized by Portland City Code, Title 17, Chapter 25; *Sidewalk Cafés*.

The permit requires that the Sidewalk Café operator ensures that their Sidewalk Café meets site and other regulations as set by the City of Portland.

## **Who is the Sidewalk Café Permit issued to and where can it be used?**

The Sidewalk Café Permit is issued to an individual, the Permittee, for use by the single business and location named in the application. The Permittee is often the owner of the business. The permit is personal to them and cannot be transferred in any manner, nor can the permit be used for another business or location.

## **Who is responsible for Sidewalk Café operations?**

The Permittee bears ultimate responsibility for the operations of the Sidewalk Café.

Some types of permit violations can result in immediate citation by a Portland Police Officer. The citation would be issued to the Responsible Party. The Responsible Party is the person overseeing business operations at the time, such as the restaurant manager or shift manager. It is the Permittee's responsibility to inform any Responsible Party of the Sidewalk Café Permit requirements.

## **What does a Sidewalk Café Permit cost?**

The intake fee is \$300 and is due at the time of application.

Insurance review fee of \$25.71 is required at the time of issuance.

The annual permit fee for the first year is \$100 plus \$12.75 per linear foot of café space. The total linear feet of the Sidewalk Café operation will be determined during a site visit by City staff. The renewal permit fee for each subsequent year will be \$100 plus \$5.50 per linear foot of cafe space.

## **Do I need liability insurance for a Sidewalk Café Permit?**

Before a Sidewalk Café Permit can be issued, you must provide the City with evidence of your business's liability insurance. The insurance must remain current as long as you have a permit and will need to meet the City's requirements, detailed later in this packet.

**Do I need permission from the owner of the property on which my business is located?**

The owner of the property adjacent to the Sidewalk Café must give consent before a Sidewalk Café Permit can be issued. They are ultimately responsible for the maintenance and condition of the sidewalk and are potentially liable for that which occurs on the sidewalk.

**When is a Sidewalk Café Permit valid?**

Sidewalk Café Permits are issued on an annual basis. They are valid upon issuance and expire December 31<sup>st</sup> of the year issued, unless revoked earlier.

Sidewalk Café operations are allowed during any hours that the business is open and operating.

**What if I am a new owner of a business that previously had a Sidewalk Café Permit and would like to have one issued?**

If you are a new owner of a business that previously had a Sidewalk Café Permit and would like to have one issued, you will need to apply for a Sidewalk Café Permit; the permit is personal to the Permittee to whom it was issued and cannot be transferred to others.

**What if I want to change who the Permittee is?**

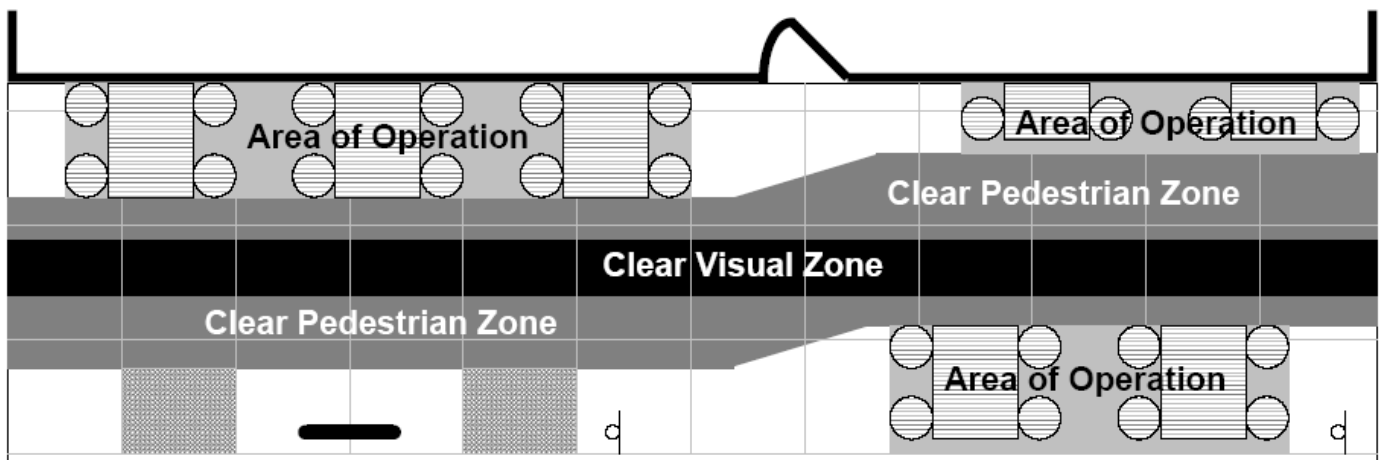

The permit is personal to the Permittee to whom it was issued and cannot be transferred to others. Any new Permittee must apply for a new Sidewalk Café Permit.

**Where can my Sidewalk Café be located?**

A Sidewalk Café can only be located directly adjacent to your restaurant’s storefront. In addition, a Sidewalk Café will only be allowed where:

- The area is either zoned as Commercial or Employment
- The sidewalk, as measured from the property line to the curb, is at least 8 feet wide
- A Clear Pedestrian Zone can be established

Zoning can be determined on the website [www.portlandmaps.com](http://www.portlandmaps.com), by calling Portland Planning and Zoning at 503-823-7526, or in Portland City Code, Title 33, *Planning and Zoning*.

## Where can my Sidewalk Café be located? (continued)

Sidewalk Café operations are confined to a space referred to as the Area of Operation. All operations, furniture, and other obstructions must be within the Area of Operation at all times.

The area reserved for pedestrian and other travel is referred to as the Clear Pedestrian Zone. This area must be free of all obstructions such as posts, signs, street lights, fire hydrants, bicycle racks, bicycles utilizing bicycle racks, vegetation, trees, tree-wells, planters, literature and news racks, parking meters, bus shelters, benches, tables, chairs, umbrellas, heaters, and waste receptacles. The Clear Pedestrian Zone must also meet City standards as described in the *Sidewalk Maintenance Program Policy & Operating Guidelines*. Obstructions such as café umbrellas are allowed to extend into the Clear Pedestrian Zone from within the Area of Operation only when all parts are above a height of 7 feet within the Clear Pedestrian Zone.

The minimum width of the Clear Pedestrian Zone is determined by the width of the sidewalk and is shown in the table below.

<b>Sidewalk Width</b> measured from property line to curb	<b>Clear Pedestrian Zone</b> <b>Minimum Width</b>
Less than 8 feet	No Permit Allowed
Greater than or equal to 8 feet and less than or equal to 10 feet	5 feet 6 inches
Greater than 10 feet and less than 15 feet	6 feet
Greater than or equal to 15 feet	8 feet

The width of the sidewalk is determined by City records. Adjustments may be made at the discretion of the City Engineer when field measurements conflict with City records.

The Clear Pedestrian Zone is allowed to meander from side to side to avoid obstructions, but must always contain a continuous, straight passage with a minimum width of 2 feet. This is referred to as the Clear Visual Zone and provides pedestrians with a clear indication of the walkway through the Sidewalk Café. The Clear Visual Zone runs in the intended direction of travel along the sidewalk; in most circumstances this is parallel to the curb.

## Where can my Sidewalk Café be located? (continued)

In the case of adjacent Sidewalk Cafés, the Clear Pedestrian Zone and the Clear Visual Zone of the newer Sidewalk Café will align with the same zones of the older Sidewalk Café.

The Area of Operation for a Sidewalk Café is typically located between the business's property-line and the Clear Pedestrian Zone. The Area of Operation may also be located, at the discretion of the City Engineer, between the Clear Pedestrian Zone and the curb; generally a 2 foot buffer will be required between the Area of Operation and the curb. If a sidewalk is wide enough, an Area of Operation may be allowed on each side of the Clear Pedestrian Zone.

## **What if my business is adjacent to the Transit Mall?**

The Transit Mall is the entire length of SW 5<sup>th</sup> and SW 6<sup>th</sup> Avenues between I-405 and NW Irving Street; bus and MAX platforms are located on the west side of SW 5<sup>th</sup> Avenue and on the east side of SW 6<sup>th</sup> Avenue. Bus and MAX platform areas are excluded when determining sidewalk width on the Transit Mall. Additional requirements may apply to Sidewalk Cafés on the Transit Mall.

## **How will I know where the Area of Operations is located?**

City staff will provide a site inspection drawing detailing the exact location of the Area of Operation. It is the Permittee or the Responsible Party's responsibility to ensure that all Sidewalk Café operations, furniture, and other obstructions remain within this zone.

## **What types of furniture can I place in the Area of Operation?**

In addition to tables and chairs or other seating, a Sidewalk Café Permit allows the placement of furniture and other items within the Area of Operation that are pertinent to the operation of the Sidewalk Café. This includes items such as umbrellas, planters, and bussing carts. All items are subject to approval by the City Engineer. Except for umbrellas; all items placed within the Area of Operation must not be higher than 42 inches above the sidewalk.

## **Do I ever need to remove my furniture?**

You may leave your Sidewalk Café furniture within your Area of Operation overnight or on days that your business is regularly closed.

All furniture and equipment used in the operation of a sidewalk café shall be removed within a period of 10 days from the right-of-way when not available for use by patrons. Removal of furniture and equipment may be required, on a case by case basis, outside of the business' hours of operation if determined necessary for safety or other reasons.

## **Am I allowed to secure my furniture?**

Furniture is allowed to be secured within the Area of Operation. Furniture may only be secured to structures that are controlled by the Sidewalk Café operator or, with permission, by the owner of the property adjacent to the Sidewalk Café.

It is preferred that furniture be secured in a fashion that allows quick removal of the furniture, such as with a cable and lock. Secured furniture still must be removed within ten days when not available for use by patrons.

## **What if I want to adjust my Area of Operation after my Sidewalk Café Permit is issued?**

If you increase the size of your Area of Operation, you will be charged \$12.00 per linear foot added. For each added linear foot your annual permit fee will be increased by \$5.00, effective the next permit year.

If you decrease the size of your Area of Operation, you will be charged \$7.25 per linear foot removed. For each removed linear foot your annual permit fee will be decreased by \$5.50, effective the next permit year.

## **Is there anything else I should consider?**

Your Sidewalk Café must accommodate for customers who are on the sidewalk and waiting or in line for your business. The location and configuration of your Area of Operations cannot be such that it encourages waiting or in line customers to obstruct the Clear Pedestrian Zone. You may be required to provide a location for waiting or in line customers that is on private property or that is incorporated into your Area of Operations.

All food must be prepared within your building; cooking and preparation of food within the sidewalk area is prohibited.

Before purchasing your Sidewalk Café furniture, consider the accessibility of your furniture and design to those with disabilities, wheelchairs, or mobility devices.

The State of Oregon's Smoke-free Workplace Law prohibits smoking within 10 feet of entrances, exits, windows that open, and ventilation intakes of workplaces or public places. This applies to both your building and any neighboring buildings. For more information contact the State of Oregon Department of Human Services at 971-673-0984.

A-Board signs are not permitted under a Sidewalk Café Permit and cannot be placed within the Clear Pedestrian Zone. These signs require a separate permit that can be obtained from the Bureau of Development Services Trade Permits group. They can be contacted at 503-823-7363.

The sale of alcohol in the State of Oregon requires that your business have a Liquor License. If you wish to sell alcohol to customers to be consumed when using your Sidewalk Café, you will need to apply for an Extension of Premises for your Liquor License. The Oregon Liquor Control Commission can be contacted at 503-872-5070.

All of the materials that you need to start your application are included as the following pages of this packet.
