SOUTHWEST IN MOTION

DRAFT: Major Projects List

These projects are scale investments, similar in scale to the current Capitol Highway: Multnomah Village to West Portland project. These projects are not expected to be implemented in the short term, and require future project development to progress the design and support future implementation.

MP-04	SW 30th (north of Vermont)	Project Notes	Preliminary Cost Estimate	\$ 1,839,333.00
	Construct a pedestrian walkway and bicycle facilities, and improve the pedestrian crossing at Beaverton-Hillsdale Hwy & 30th.	This matches the TSP project description	Extents	Beaverton-Hillsdale Hwy to SW Vermont St
			Base Project ID	90005
			Related ID/Projects	N/A
MP-05	Hoot Owl Corner: SW Capitol Hwy & 30th	Project Notes	Preliminary Cost Estimate	\$ 1,898,314.00
TSP 1-10 yr	Realign the Capitol/Vermont/30th intersection and provide sidewalks, bike lanes, and drainage improvements.	This matches the TSP project description	Extents	SW 30th & SW Vermont
			Base Project ID	90070
			Related ID/Projects	N/A
MP-06	SW Multnomah Blvd	Project Notes	Preliminary Cost Estimate	\$ 5,000,000.00
TSP 1-10 yr	Provide separated pedestrian and bicycle facilities, along with stormwater management facilities.	This matches the TSP project description	Extents	SW 45th Ave to SW 01st Ave
			Base Project ID	90050
			Related ID/Projects	N/A
MP-07	SW 30th/Hume/31st	Project Notes	Preliminary Cost Estimate	\$ 2,800,000.00
TSP 1-10 yr	Construct a pedestrian walkway and bicycle facilities.	This matches the TSP project description	Extents	SW Capitol Hwy to SW Barbur Blvd
			Base Project ID	90100
			Related ID/Projects	SWC.SA15;

MP-08	SW Capitol Hill Rd	Project Notes	Preliminary Cost Estimate	\$ 5,000,000.00
TSP 1-10 yr	Design and implement bicycle and pedestrian facilities to create a safe and convenient crossing of I-5, Multnomah Blvd, and Barbur Blvd. Design and implement pedestrian facilities and separated in-roadway bicycle facilities on Capitol Hill Rd from Barbur to Bertha.	This expands the TSP description to include pedestrian facilities and separated bicycle facilities, similar to what is described in the Southwest Corridor station Access Project	Extents	SW Bertha Blvd to SW Barbur Blvd
			Base Project ID	90002
			Related ID/Projects	SWC.SA09
MP-09	Custer Walk bike Bridge	Project Notes	Preliminary Cost Estimate	\$ 5,000,000.00
	Construct a new crossing over I-5 for pedestrians and bicyclists near the proposed light rail station on SW Barbur Boulevard between SW Custer Street and SW 13th Avenue. The bridge would connect to SW 11th Avenue and SW Canby Street at the north end of Burlingame Park, and provide a street light in this location. The need to construct water quality facilities is anticipated.	This matches the SW Corridor project description	Extents	At SW Custer Dr
			Base Project ID	SWC.SA08
			Related ID/Projects	N/A
MP-10	Outer Taylors Ferry Rd	Project Notes	Preliminary Cost Estimate	\$ 5,627,184.00
	Widen shoulder to provide bicycle climbing lane and construct a walkway for pedestrian travel and access to transit.	This matches the TSP project description	Extents	City Limits to Capitol Hwy
			Base Project ID	90064.2; 90064.1
			Related ID/Projects	SWC.SA16

MP-11	Crossroads	Project Notes	Preliminary Cost Estimate	\$ 32,000,000.00
	Reconstruct existing viaducts and include bicycle and pedestrian facilities on or parallel to the structures.	This matches the TSP project description	Extents	Capitol Hwy & Barbur Blvd
			Base Project ID	90069
			Related ID/Projects	90068
MP-12	Luradel Walk/Bike Bridge	Project Notes	Preliminary Cost Estimate	\$ 4,861,395.00
	would construct a new walking and biking crossing over I-5 between SW Alfred Street/SW 48th Drive and SW Barbur Boulevard/SW Luradel Street. Retaining walls would be required. The need to construct water quality facilities is anticipated.	This project matches the SW Corridor Station Access Project, and corresponds to the matching TSP project. Costs are from TSP.	Extents	Near Markham Elementary
			Base Project ID	SWC.SA19; 90048.00
			Related ID/Projects	N/A
MP-13	53rd Walk/Bike Bridge	Project Notes	Preliminary Cost Estimate	\$ 5,000,000.00
	Construct a new walking and biking crossing over I-5 between SW Comus Street/SW 55th Avenue and SW Barbur Boulevard/SW 53rd Avenue. Retaining walls would be required. The need to construct water quality facilities is anticipated.	This matches the SW Corridor project description	Extents	Near 53rd Ave
			Base Project ID	SWC.SA20
			Related ID/Projects	N/A
MP-14	West Portland Town Center Improvements	Project Notes	Preliminary Cost Estimate	\$ 7,015,000.00
	Improve sidewalks, lighting, crossings, bus shelters, and benches on Barbur, Capitol Hwy, and surrounding neighborhood streets.	This matches the TSP project description	Extents	West Portland Town Center
			Base Project ID	90068
			Related ID/Projects	N/A
