The Portland Bureau of Transportation and the Portland Water Bureau are seeking 2 - 3 Surveying Aide Trainees to work with our Survey Sections this Summer.

**Position:**
Surveying Aide Trainee is primarily a field position working on City Survey Field Crews. The Surveying Aide Trainee assists the Crew Leader and Surveying Aide II on a Survey Field Crew and learns to use all surveying equipment and tools to help complete assigned projects. Crews work on topographic, construction and Right-of-Way (boundary) surveys for multiple City Bureaus. Surveying Aide Trainee is expected to follow the directions of the Crew Leader, learn to use survey Total Stations, Digital Levels, Data Collectors and associated software. Important attributes for this position are the ability to: follow directions, learn to run survey equipment/software, work outdoors in a multitude of weather conditions, understand and implement safety protocols, and communicate clearly with supervisors, co-workers and the general public.

**Particulars:**
Start date - mid to late June
Duration - through end of August to mid - September
Pay rate - $20.50/hr. (1st Internship) or 21.50/hr. (2nd Internship)
Closing date - May 17, 2019

**Requirements:**
Must be a current civil engineering or surveying college student.
Must have completed at least one Survey class.
