# 82<sup>ND</sup> AVENUE PLAN:

## PLANNING FOR A FUTURE CIVIC CORRIDOR

The purpose of this plan is to identify capital improvement projects, policies, design practices and other recommendations to **support the incremental transformation of 82nd Avenue into a Civic Corridor**, as envisioned in the Portland 2035 Comprehensive Plan. This plan covers 82nd Ave from **NE Killingsworth to SE Clatsop** (City limits).

### Key elements of the 82<sup>nd</sup> Avenue Plan:

#### Recommended safety, access and transit improvements along 82nd Ave.

The primary focus of these improvements is increasing safety and removing transportation barriers. Most of the recommended projects are enhanced pedestrian and bicycle crossings,

The City of Portland complies with all non-discrimination, Civil Rights laws including Civil Rights Title VI and ADA Title II. To request translation, interpretation, accommodation, modifications, or additional information, please contact PBOT at 503-823-5185, or use City TTY 503-823-6868, or Oregon Relay Service: 711.

increased lighting, signal changes to reduce conflicts and other minor improvements to existing signals. In addition, Enhanced Transit priority treatments and bus stop improvements are recommended along 82nd Ave to improve the reliability, speed and capacity of TriMet bus line 72.

#### Proposed changes to PBOT's current right-of-way dedication requirements

during property redevelopment to provide wider sidewalk corridors along 82nd Ave. These will be made incrementally over time, as development occurs. The change would bring PBOT right-of-way dedication requirements more in line with the existing Special Setback development requirements along 82nd Ave (45 feet from each side of the center line) in the Portland Zoning Code, Title 33.
