Reduced pay because of contract

How is this impacting your industry?

As independent contractors, we must control our cash flow. Uber mandates pay rates via a contract we must sign before accessing the driver app.

Reason for consideration or change to the regulations?

Uber's contracts are preventing me from operating freely of their direction and to establish my business [670.600 (2)(a)(b)].

Proposed solution:

Modify City of Portland code to require Transportation Network Companies provide independent drivers a minimum of 30 days to consider contracts before signing.
