Eastbound Traffic Lane on SE Division between SE 66 & SE 69 Avenues Re-Opens, Work Zone Shifts to Center Lane

A contractor for the Portland Water Bureau is currently installing large piping connections in the intersection of SE 68th Avenue at SE Division Street.

Google map of the intersection: <http://tinyurl.com/pjye2ru>

Previously, the eastbound lane on SE Division Street between SE 66th and SE 69th avenues was diverted into the center lane around the work zone. Beginning on Monday, March 23, the work zone will be shifted to the center lane, re-opening the eastbound lane for traffic.

Traffic on SE 68th Avenue, between SE Division and Mt. Tabor Park, is open to local access only. Detour signs are posted and sidewalks remain open for pedestrians.

Motorists and bicyclists are urged to use alternate routes, remember to drive slowly, and exercise caution when traveling in and around the construction area. Typically, work hours are 7 a.m. to 4 p.m., Monday through Friday, with possible occasional Saturday work.

This work is slated for completion in spring 2015.

The new piping is part of the water system improvements required to connect two of the city's large water conduits to the Westside supply line.

The Portland Water Bureau provides the highest quality water, customer service and stewardship of the critical infrastructure, fiscal, and natural resources entrusted to our care. We enhance public health and safety and contribute to the economic viability and livability of the Portland metropolitan region. We are a recognized leader among water service agencies across the country.
