Water Main Project On NW Cornell Road to Impact Traffic

PORTLAND, OR — A water main installation project on Northwest Cornell Road between Northwest Skyline Boulevard and the Audubon Society will begin May 22, 2017, and end in early September. Construction work hours are limited to 9 a.m. to 4 p.m. on weekdays to accommodate commuter traffic.

From 9 a.m. to 4 p.m. Monday through Friday, portions of the westbound lane of Northwest Cornell Road will be closed and flaggers will direct traffic through the work zone. Work zones will be limited to 1000 feet at a time.

The traveling public is reminded to stay alert and use caution while driving through the construction zone. To avoid traffic delays, motorists are encouraged to use alternate routes around the work site.
