

WHAT'S HAPPENING NOW

The BIG day will be here soon! Beginning Monday, April 2, traffic changes will occur in Washington Park.

- SW Sherwood and SW Sacajawea – will reopen to vehicle traffic
- SW Sherwood Blvd. – many parking spaces will reopen
- SW Lewis Clark Way – will return to its original east to west traffic flow
- SW Park Place – will reopen as a park entrance
- SW Sacajawea – will be prohibited from pedestrian access
- SW Sherwood – Intermittent traffic delays

Next week you will see crews:

- Continuing their relocation of equipment and trailers off currently closed roads
- Installing / relocating water barricades and fencing
- Inspecting routes

On the morning of April 2, staff will be on-hand monitoring conditions, and making adjustments if needed.

Since newsletters and my last email were sent, we've had an update to the new traffic impact map. Please take a moment to view the updated map attached to this email, and posted on the project webpage.
